## WHY WE DO THIS?

- Foster children are often excluded from opportunities like camp, due to their unique emotional/behavioral needs.
- Camp Faubion at Camp Shady Brook is a safe space for our foster youth to just be KIDS and be supported by caring, trauma-informed staff.
- The camp environment and activities were created to help build self-esteem, problem solving skills, strengthen relationships, and improve social skills.
- On average less than 5% of the children coming into our foster homes have been to an overnight camp.

## WHEN YOU SPONSOR THIS EVENT, YOU:

- Show children in the foster care system that they deserve the same opportunities as other children.
- Help spread the word about the NEED for foster care families all over Colorado.
- Receive recognition via multiple forms of media, as well as, enjoy a day full of FUN in the SUN.
